TODAY'S PROGRAM:

Suzanne Kellner-Zinck – Dawning Visions Hypnosis

Suzanne founded Dawning Visions Hypnosis in 2002 as a result of searching for a more life affirming method to help the mentally ill then the conventional medical model. She has become an innovator in the use of hypnotism and neuro-linguistic programming in the areas of obsessive compulsive disorders such as: eating disorders, sexual addiction and substance abuse as well as working with those with anxiety and mood disorders. Suzanne demonstrated how you can use the power of your unconscious mind to easily shift your attitudes and behaviors to accomplish that which you desire, while letting go of that which no longer serves you. Suzanne states that we are in and out of hypnosis on a daily basis. She suggests bypassing the critical factor of the conscious mind to get to the unconscious repressed memory. She believes that the quickest and fastest way to get rid of trauma is through hypnosis. Dave Holper volunteered to be hypnotized. The desired outcome was an improvement in his golf game. We look forward to hearing Dave's results.
